---

Dear Interested Parties,

Attached is a cover letter to stakeholders regarding the public notice for cheese production regulations. Changes have been made to the draft regulation based on previous public comment. The revised draft regulation is now posted on the internet for further public comment. Please feel free to disseminate this information to any other people that may be interested. We plan to hold three public workshops this month to allow people to ask questions about the regulation.

Thank You,

Jay Fuller, DVM

Assistant State Veterinarian

Alaska Dept of Environmental Conservation

907-375-8213
